'The Secret Meeting'

It is 1965, at the height of the Cold War and a secret meeting has been arranged for a coastal hotel. A British MI5 Officer is planning to defect to the USSR and arrangements have been made for him to meet with his KGB contact at the hotel tonight before being taken off to Russia

.....but it appears others are also in attendance who have a vested interest in the defecting Officer, together with the future of national security, but just who is the unknown stranger in attendance??
